

IL PRIMO GIANDUIOTTO

Gianduia 1865®

L'ORIGINALE

PRODUCT OBTAINED EXCLUSIVELY FROM

"PIEDMONT HAZELNUT"

Gianduia 1865: 150 tempting years!

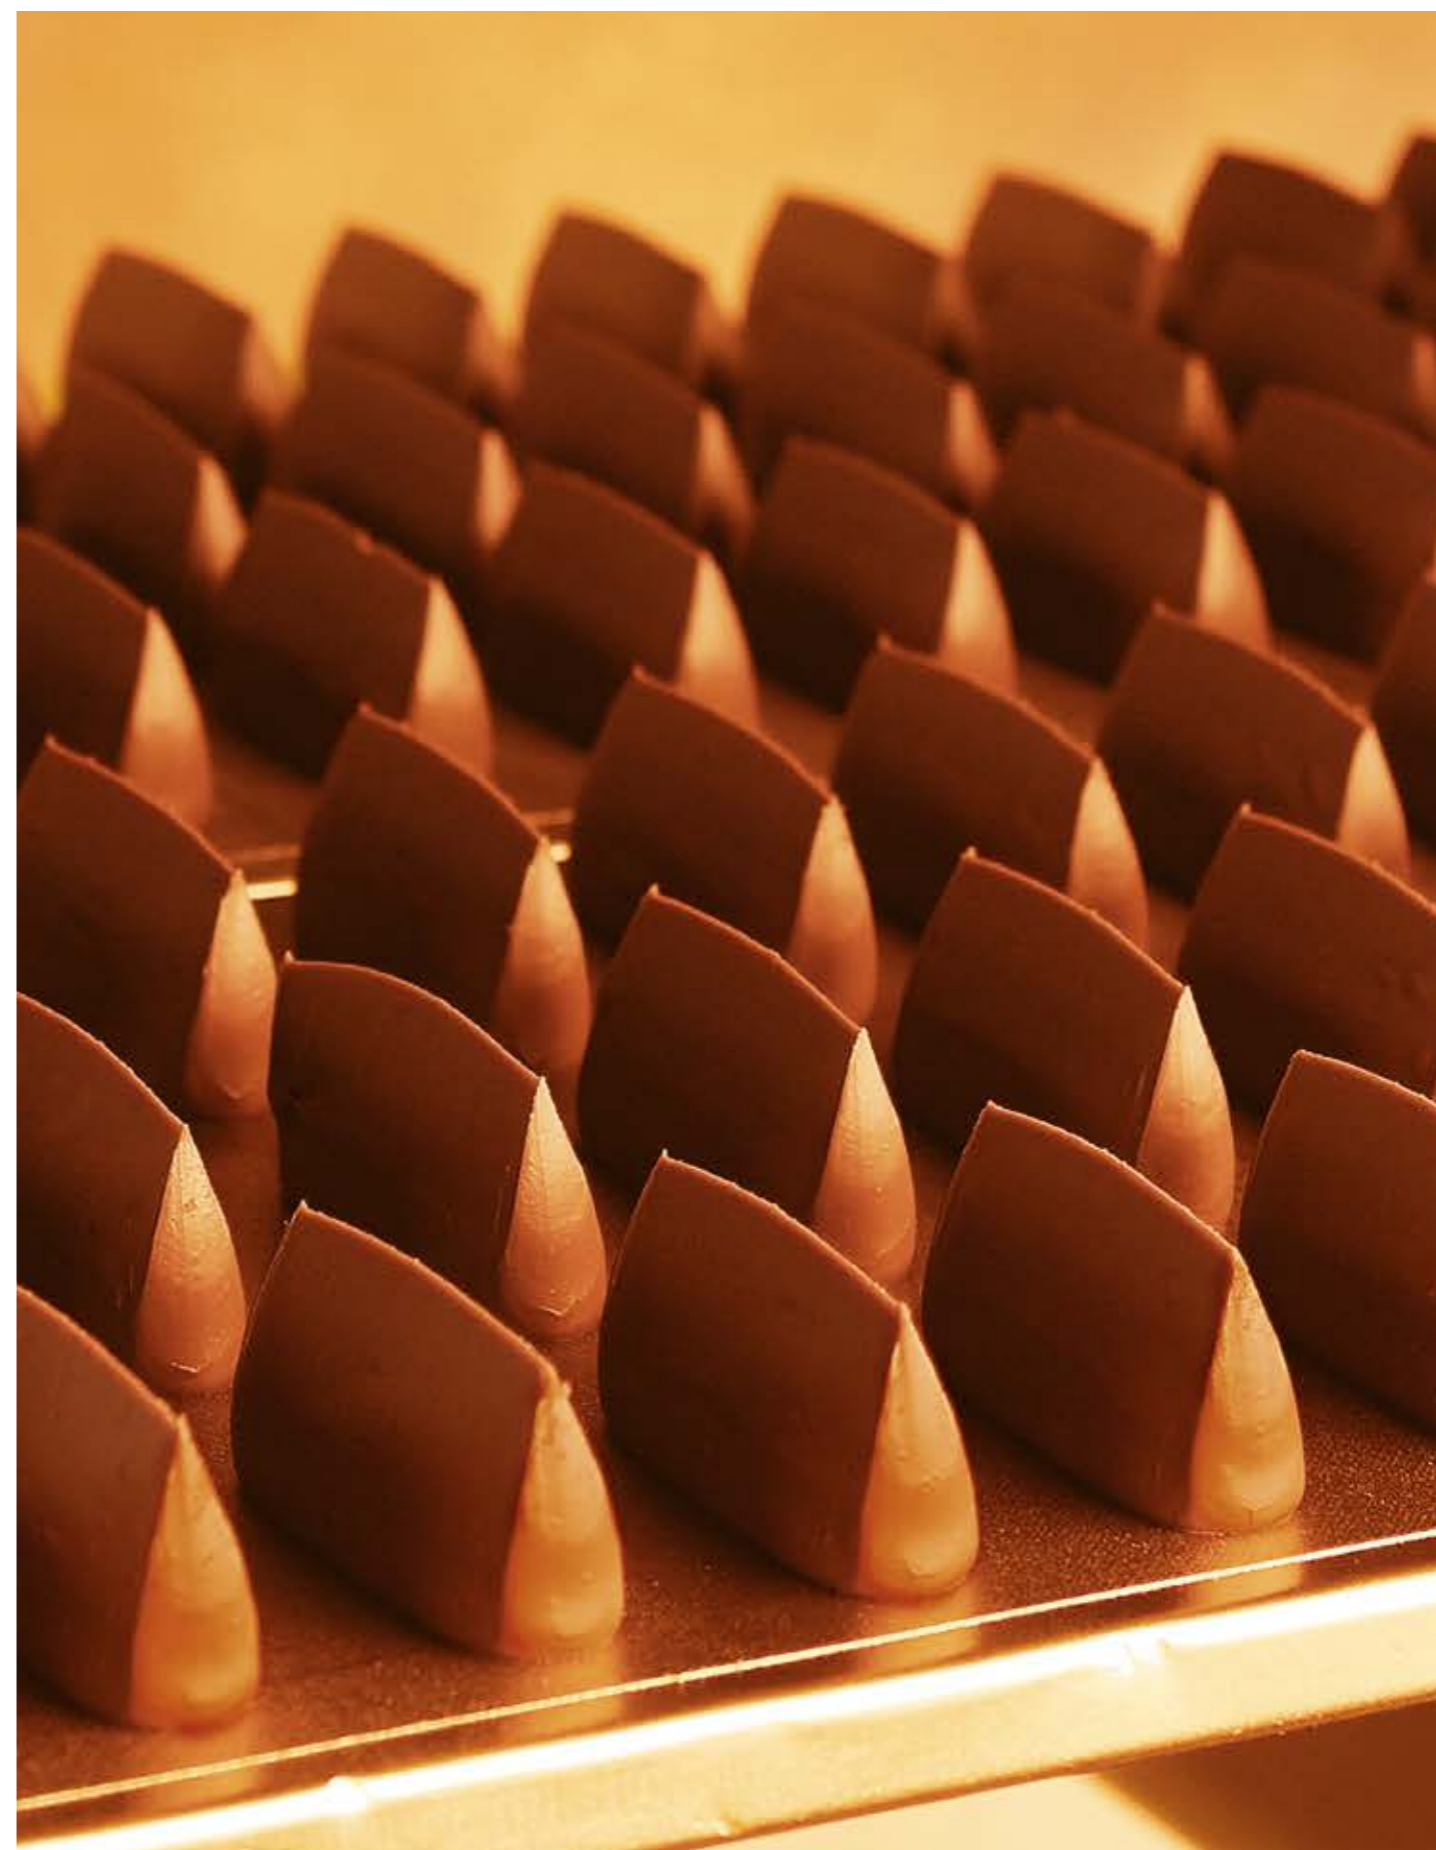

The Gianduiotto story begins in 1865, when Caffarel invents a brand new chocolate, mixing cocoa, sugar and the prestigious **piemontese PGI hazelnuts**.

Gianduia, the typical Carnival mask from Piedmont, allows Caffarel to name this chocolate after himself.

That's how Gianduia 1865 was born, the authentic Gianduiotto from Turin, the first wrapped chocolate in the world, well known for its small ship shape and with a very typical production process, called extrusion: the cocoa and **piemontese PGI hazelnuts** paste drips on a tray, assuming the typical shape.

This process grants the Gianduiotto its incomparable creaminess, due to an abundant quantity of hazelnuts and a good dose of cocoa, which make it sweet-smelling.

Today, after 150 years, the Gianduiotti are still created one by one, in order to reach every part of the world with their own magic!

PIEMONTE

Piemonte

Caffarel excellence is due to the fact that only the best ingredients are used to produce its chocolate! The Piemonte range , **prestigious hazelnuts** covered by a velvety gianduia cream, comes out from this artistry.

In addition to the classic one, the other two tasteful versions, the dark one and the hazelnut cream one, are also absolutely not to be missed.

Intense smell, chocolate taste, crunchy hazelnuts... Piemonte is a unique work of art!

The wide range of proposals and the prestigious packagings make it a refined present, ideal for every occasion.
